| Diameter           | 5/16"                                                         |
| Length             | 2'                                                            |
| Body Diameter      | 5/16"                                                         |
| Wire Rope Class    | 6x36WS                                                        |
| Standards          | Meets or exceeds all ASME B30.9 & OSHA 1910.184 requirements. |

SAFETY INFORMATION

- Never exceed the Working Load Limit (WLL). The WLL is the maximum load the product is rated to handle in service.
- Inspect before every use. Remove from service if cut, worn, abraded, stretched, cracked, bent, corroded, heat-damaged or missing its identification tag or marking.
- Protect webbing, rope and chain from sharp edges and corners with edge protection.
- Lifting and rigging must follow the applicable ASME B30 standards, OSHA regulations and a qualified person's lift plan.
