| Product Weight             | .6 lbs.                                                                        |
| Brand Part Number          | 3611S-13                                                                       |
| Additional Info            | WLL (tons): 1.5                                                                |

SAFETY INFORMATION

- Never exceed the Working Load Limit (WLL). The WLL is the maximum load the product is rated to handle in service.
- Inspect before every use. Remove from service if cut, worn, abraded, stretched, cracked, bent, corroded, heat-damaged or missing its identification tag or marking.
- Protect webbing, rope and chain from sharp edges and corners with edge protection.
- NOT FOR OVERHEAD LIFTING. This product is rated for cargo securement only.
- Cargo securement on commercial vehicles must meet FMCSA 49 CFR Part 393, Subpart I (aggregate WLL and minimum tie-down rules).
